

**UNITED STATES ENVIRONMENTAL PROTECTION AGENCY
REGION 5**

IN THE MATTER OF:

Faurè Brothers Corporation
700 State Street
Calumet City, Illinois 60409

ATTENTION: Amy Faurè-Crohan
Owner and CEO

Request to Provide Information Pursuant to the Clean Air Act

The U.S. Environmental Protection Agency is requiring Faurè Brothers Corporation (Faurè or you) to submit certain information about the facilities listed in Appendix B. Appendix A provides the instructions needed to answer this information request, including instructions for electronic submissions. Appendix B specifies the information that you must submit. You must send this information to us within 45 calendar days after you receive this request.

We are issuing this information request under Section 114(a) of the Clean Air Act (the CAA), 42 U.S.C. § 7414(a). Section 114(a) authorizes the Administrator of EPA to require the submission of information. The Administrator has delegated this authority to the Director of the Air and Radiation Division, Region 5.

Faurè owns and operates one or more appliances with a full charge of greater than 50 pounds of a class I or class II refrigerant at each facility listed in Appendix B. We are requesting this information to determine whether your emission source is complying with the Chlorofluorocarbon Recycling and Emissions Reduction rules in 40 C.F.R. Part 82, Subpart F.

Faurè must send all required information to:

Attn: Compliance Tracker, AE-17J
Air Enforcement and Compliance Assurance Branch
U.S. Environmental Protection Agency
Region 5

77 W. Jackson Boulevard
Chicago, Illinois 60604

Faurè must submit all required information under an authorized signature with the following certification:

I certify under penalty of law that I have examined and am familiar with the information in the enclosed documents, including all attachments. Based on my inquiry of those individuals with primary responsibility for obtaining the information, I certify that the statements and information are, to the best of my knowledge and belief, true and complete. I am aware that there are significant penalties for knowingly submitting false statements and information, including the possibility of fines or imprisonment pursuant to Section 113(c)(2) of the Clean Air Act and 18 U.S.C. §§ 1001 and 1341.

As explained more fully in Appendix C, you may assert a claim of business confidentiality under 40 C.F.R. Part 2, Subpart B for any part of the information you submit to us. Information subject to a business confidentiality claim is available to the public only to the extent, and by means of the procedures, set forth at 40 C.F.R. Part 2, Subpart B. If you do not assert a business confidentiality claim when you submit the information, EPA may make this information available to the public without further notice. You should be aware, moreover, that pursuant to Section 114(c) of the CAA and 40 C.F.R. § 2.301(a) and (f), emissions data, standards and limitations are not entitled to confidential treatment and shall be made available to the public notwithstanding any assertion of a business confidentiality claim. Appendix C provides additional information regarding the meaning and scope of the term "emissions data."

This information request is not subject to the Paperwork Reduction Act, 44 U.S.C. § 3501 *et seq.*, because it seeks collection of information from specific individuals or entities as part of an administrative action or investigation.

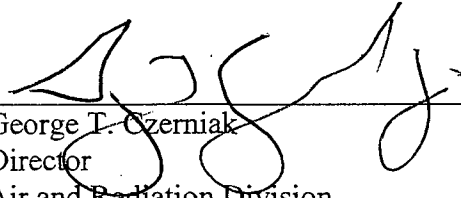

We may use any information submitted in response to this request in an administrative, civil or criminal action.

Failure to comply fully with this information request may subject Faure to an enforcement action under Section 113 of the CAA, 42 U.S.C. § 7413.

You should direct any questions about this information request to Charles Hall at hall.charles@epa.gov or (312) 353-3443.

Date

3/9/16

George T. Czerniak
Director
Air and Radiation Division

Appendix A

When providing the information requested in Appendix B, use the following instructions and definitions.

Instructions

1. Provide a separate narrative response to each question and subpart of a question set forth in Appendix B.
2. Precede each answer with the number of the question to which it corresponds and at the end of each answer, identify the person(s) who provided information used or considered in responding to that question, as well as each person consulted in the preparation of that response.
3. Indicate on each document produced, or in some other reasonable manner, the number of the question to which it corresponds.
4. When a response is provided in the form of a number, specify the units of measure of the number in a precise manner.
5. Where information or documents necessary for a response are neither in your possession nor available to you, indicate in your response why the information or documents are not available or in your possession, and identify any source that either possesses or is likely to possess the documents or information.
6. If information not known or not available to you as of the date of submission later becomes known or available to you, you must supplement your response. Moreover, should you find at any time after the submission of your response that any portion of the submitted information is false or incorrect, you must notify EPA as soon as possible.

Electronic Submissions

To aid in our electronic recordkeeping efforts, we request that you provide all documents responsive to this information request in an electronic format according to paragraphs 1 through 6, below. These submissions are in lieu of hard copy.

1. Provide all responsive documents in Portable Document Format (PDF) or similar format, unless otherwise requested in specific questions. If the PDFs are scanned images, perform at least Optical Character Recognition (OCR) for "image over text" to allow the document to be searchable. Submitters providing secured PDFs should also provide unsecured versions for EPA use in repurposing text.
2. When specific questions request data in electronic spreadsheet form, provide the data and corresponding information in editable Excel or Lotus format, and not in image format. If Excel or Lotus formats are not available, then the format should allow for data to be used in calculations by a standard spreadsheet program such as Excel or Lotus.

3. Provide submission on physical media such as compact disk, flash drive or other similar item.
4. Provide a table of contents for each compact disk or flash drive containing electronic documents submitted in response to our request so that each document can be accurately identified in relation to your response to a specific question. *We recommend the use of electronic file folders organized by question number.* In addition, each compact disk or flash drive should be labeled appropriately (e.g., Company Name, Disk 1 of 4 for Information Request Response, Date of Response).
5. Documents claimed as confidential business information (CBI) must be submitted on separate disks/drives apart from the non-confidential information. This will facilitate appropriate records management and appropriate handling and protection of the CBI. Please follow the instructions in Appendix C for designating information as CBI.
6. Certify that the attached files have been scanned for viruses and indicate what program was used.

Definitions

All terms used in this information request have their ordinary meaning unless such terms are defined in the CAA, 42 U.S.C. §§ 7401 *et seq.*, or the Chlorofluorocarbon Recycling and Emissions Reduction rules in 40 C.F.R. Part 82, Subpart F. The terms "Class I" and "Class II" refer to the controlled substances listed in appendices A and B, respectively, of 40 C.F.R. Part 82, Subpart A.

Appendix B

Information You Are Required to Submit to EPA

Faurè must submit the following information pursuant to Section 114(a) of the CAA, 42 U.S.C. § 7414(a) within 45 calendar days of your receipt.

Provide the following information for each commercial refrigeration appliance listed in the following table using the instructions and definitions supplied in Appendix A. Unless otherwise directed, provide the requested information for the time period from January 1, 2012, to the date of receipt of this information request.

Table 1. Commercial Refrigeration Appliances at Faurè's Facilities		
Make	Unit	Model
Great Lakes Warehouse Corporation, 11 Industrial Road, Hammond, IN		
Bone	1	EB44H2NE23
Bone	2	EB44H2NE23
Bone	3	EB44H2NE23
Bone	4	EB44H2NE23
Bone	5	EB44H2NE23
Bone	6	EB44H2NE23
Bone	7	EB44H2NE23
Bone	8	EB44H2NE23
Bone	9	EB44HENE23
Great Lakes Warehouse Corporation, 48-50 State Line Road, Calumet City, IL		
Heatcraft	3	BBV2600H2D

- For each commercial refrigeration appliance (CRA) listed in Table 1, provide a simplified diagram showing each compressor, evaporator, condenser, metering device, and the warehouse units refrigerated by the CRA.
- For each CRA listed in Table 1, provide a copy of all work orders, service tickets, invoices, and any other documents (paper or electronically maintained) relating to the following:
 - The date on which it was discovered or determined that a CRA was losing or had lost refrigerant, as measured between refrigerant charges;
 - The date on which it was discovered or determined that a CRA needed any other repair or service not related to refrigerant loss;
 - A complete detailed description of all repair work done;

- d. The date(s) each repair was conducted and/or completed;
- e. The amount of refrigerant added at the completion of each repair;
- f. The leak rate calculations and the calculated leak rate;
- g. The dates, types, and results of each initial verification test after the repair of a CRA;
- h. The dates, types, and results of each follow up verification test after the repair of a CRA;
- i. The name of the technician who performed the work; and
- j. If repairs were not conducted on the CRAs listed in response to 2a and 2b, state the reasons therefore.

The response is to include all records of service and repair performed by employees of Faurè, its parent or affiliated company, or any contractor. It shall include any summary documents and any documents, such as spreadsheets and database information, created to track refrigerant usage or repairs needed or performed.

- 3. Provide the name of each technician, including supervisors and managers, performing any service, maintenance, repair and/or disposal of any commercial refrigeration appliance or comfort cooling appliance containing a class I or class II ozone-depleting substance used as refrigerant for each facility.
- 4. Provide a copy of each technician's certification indicating training in refrigeration or refrigerant recycling by an EPA approved program.
- 5. Describe the system that Faurè uses to record purchases, use, and reclamation or recapture of class I and/or class II refrigerants.
- 6. Describe the system that Faurè uses to record Refrigerant leak rates, the maintenance, service, repair, or disposal of refrigerant-containing CRAs, and any other refrigerant-related work.
- 7. State whether maintenance, service, repair, and disposal of CRAs containing a class I or class II refrigerant is contracted out or done by Faurè employees. If Faurè has entered into a service or maintenance contract, please provide a copy of the contract.
- 8. Provide the name, address, and telephone number of each person, agent, or business entity, other than Faurè employees, that is hired and/or contracted to service, repair, maintain, or dispose of commercial refrigeration appliances or comfort cooling appliances normally containing more than 50 pounds of a class I or class II refrigerant at

each facility.

9. State whether or not Faurè has developed any retrofit or retirement plan for each leaking commercial refrigeration appliance. If so, please provide a dated copy of each plan.
10. State the total amount and types of class I or class II ozone-depleting substance in inventory at each facility as of the date of this letter.
11. Provide the amount and type of all refrigerant recovered and/or recycled annually from all commercial refrigeration appliances and comfort cooling appliances for each facility.
12. Provide the records showing the transfer of all recovered refrigerant from each of Faurè's facilities to another party (e.g., an EPA-certified refrigerant reclaimer or a destruction facility).
13. State whether or not Faurè owns equipment to recover or recycle the refrigerants during the service, maintenance, repair and/or disposal of such commercial refrigeration appliances.
14. If refrigerant recovery or recycling equipment is owned, provide:
 - a. A copy of the purchase record of such equipment, as well as the type of equipment, the manufacturer's name, the equipment model number, the year manufactured, and any serial number; and
 - b. A copy of the signed and dated Refrigerant Recovery or Recycling Device Acquisition Certification Form (OMB# 2060-0256) or equivalent documentation that may have been submitted to EPA in accordance with 40 C.F.R. § 82.158(f) and (g).

Appendix C

Confidential Business and Personal Privacy Information

Assertion Requirements

You may assert a business confidentiality claim covering any parts of the information requested in the attached Appendix B, as provided in 40 C.F.R. § 2.203(b).

Emission data provided under Section 114 of the CAA, 42 U.S.C. § 7414, is not entitled to confidential treatment under 40 C.F.R. Part 2.

“Emission data” means, with reference to any source of emissions of any substance into the air:

Information necessary to determine the identity, amount, frequency, concentration or other characteristics (to the extent related to air quality) of any emission which has been emitted by the source (or of any pollutant resulting from any emission by the source), or any combination of the foregoing;

Information necessary to determine the identity, amount, frequency, concentration or other characteristics (to the extent related to air quality) of the emissions which, under an applicable standard or limitation, the source was authorized to emit (including to the extent necessary for such purposes, a description of the manner and rate of operation of the source); and

A general description of the location and/or nature of the source to the extent necessary to identify the source and to distinguish it from other sources (including, to the extent necessary for such purposes, a description of the device, installation, or operation constituting the source).

40 C.F.R. § 2.301(a)(2)(i)(A), (B) and (C).

To make a confidentiality claim, submit the requested information and indicate that you are making a claim of confidentiality. Any document for which you make a claim of confidentiality should be marked by attaching a cover sheet stamped or typed with a caption or other suitable form of notice to indicate the intent to claim confidentiality. The stamped or typed caption or other suitable form of notice should employ language such as “trade secret” or “proprietary” or “company confidential” and indicate a date, if any, when the information should no longer be treated as confidential. Information covered by such a claim will be disclosed by EPA only to the extent permitted and by means of the procedures set forth at Section 114(c) of the CAA and 40 C.F.R Part 2. Allegedly confidential portions of otherwise non-confidential documents should be clearly identified. EPA will construe the failure to furnish a confidentiality claim with your response to the Request to Provide Information as a waiver of that claim, and the information may be made available to the public without further notice to you.

Determining Whether the Information is Entitled to Confidential Treatment

All confidentiality claims are subject to EPA verification and must be made in accordance with 40 C.F.R. § 2.208, which provides in part that you must satisfactorily show that you have taken reasonable measures to protect the confidentiality of the information and that you intend to continue to do so; that the information is not and has not been reasonably obtainable by legitimate means without your consent and that disclosure of the information is likely to cause substantial harm to your business's competitive position.

Pursuant to 40 C.F.R. Part 2, Subpart B, EPA may at any time send you a letter asking that you support your confidential business information (CBI) claim. If you receive such a letter, you must respond within the number of days specified by EPA. Failure to submit your comments within that time would be regarded as a waiver of your confidentiality claim or claims, and EPA may release the information. If you receive such a letter, EPA will ask you to specify which portions of the information you consider confidential **by page, paragraph, and sentence**. Any information not specifically identified as subject to a confidentiality claim may be disclosed to the requestor without further notice to you. For each item or class of information that you identify as being CBI, EPA will ask that you answer the following questions, giving as much detail as possible:

1. For what period of time do you request that the information be maintained as confidential, e.g., until a certain date, until the occurrence of a special event, or permanently? If the occurrence of a specific event will eliminate the need for confidentiality, please specify that event.
2. Information submitted to EPA becomes stale over time. Why should the information you claim as confidential be protected for the time period specified in your answer to question number 1?
3. What measures have you taken to protect the information claimed as confidential? Have you disclosed the information to anyone other than a governmental body or someone who is bound by an agreement not to disclose the information further? If so, why should the information still be considered confidential?
4. Is the information contained in any publicly available databases, promotional publications, annual reports or articles? Is there any means by which a member of the public could obtain access to the information? Is the information of a kind that you would customarily not release to the public?
5. Has any governmental body made a determination as to confidentiality of the information? If so, please attach a copy of the determination.
6. For each category of information claimed as confidential, **explain with specificity** why release of the information is likely to cause substantial harm to your competitive position. Explain the specific nature of those harmful effects, why they should be viewed as substantial and the causal relationship between disclosure and such harmful effects. How could your competitors make use of this information to your detriment?

7. Do you assert that the information is submitted on a voluntary or a mandatory basis? Please explain the reason for your assertion. If you assert that the information is voluntarily submitted information, explain whether and why disclosure of the information would tend to lessen the availability to EPA of similar information in the future.
8. Is there any other information you deem relevant to EPA's determination regarding your claim of business confidentiality?

If you receive a request for a substantiation letter from the EPA, **you bear the burden of substantiating your confidentiality claim.** Conclusory allegations will be given little or no weight in the determination. In substantiating your CBI claim(s), you must bracket all text so claimed and mark it "CBI." Information so designated will be disclosed by EPA only to the extent allowed by and by means of the procedures set forth in 40 C.F.R. Part 2, Subpart B. If you fail to claim the information as confidential, it may be made available to the public without further notice to you.

Personal Privacy Information

Please segregate any personnel, medical and similar files from your responses and include that information on a separate sheet(s) marked as "Personal Privacy Information." Disclosure of such information to the general public may constitute an invasion of privacy.

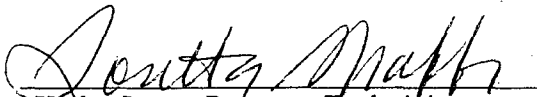

CERTIFICATE OF MAILING

I, _____, certify that I sent a Request to Provide Information Pursuant to the Clean Air Act by Certified Mail, Return Receipt Requested, to:

Amy Faurè-Crohan
Owner and CEO
Faurè Brothers Corporation
700 State Street
Calumet City, Illinois 60409

I also certify that I sent a copy of the Request to Provide Information Pursuant to the Clean Air Act by First-Class Mail to:

on the 11 day of March 2016

Kathy Jones, Program Technician
AECAB, PAS

Certified Mail Receipt Number: 7009 1680 0000 7673 7845
